G13 Medical repatriation

In the event of serious bodily injury and if your state of health requires repatriation, we will assist you as follows.

- Organisation and payment of your return journey or your transport to a hospital.

We will arrange and pay for your return home or your transport to the hospital nearest your home and/or the hospital best able to provide the treatment required by your state of health. In this case, if you so desire, we can then arrange for your return home once your medical condition allows.

Important: decisions will be made solely on the basis of your medical interest.

Our doctors will contact the medical establishments on-site and, if necessary, your regular GP, to gather the information required to make the best decisions for your condition.

The decision to repatriate you will be made and handled by medical personnel with a legally recognised degree in the country where he/she traditionally practises his/her professional activity. If you refuse to follow the decisions made by our medical team, you will be releasing us from any responsibility and lose all entitlement to benefits or compensation from us.

G14 Visit from a loved one

If your condition precludes or does not require repatriation and if your local hospital stay is more than 6 consecutive days (hospitalisation without excess in the case of a minor or if the survival of a family member is at risk), we will provide a return ticket (2 in the case of a hospitalized minor) to a family member or friend (the mother or father in the case of a minor), on an economy class flight or a 1st class train ticket to travel to the hospital.

For beneficiaries at the legal age of majority, this benefit will only be provided in the absence on site of an adult family member.

We will cover accommodation costs (room and breakfast only), for up to 100 € per night and for a maximum of 6 consecutive nights.

Any other temporary accommodation arrangements will not give rise to compensation.

G15 Dispatch of a doctor to the insured person abroad

If circumstances so require, the insurance company's medical team may decide to send a doctor on site to better assess the measures to be taken for repatriation of the insured person and to make the necessary arrangements. The insurer will cover the travel expenses and consultation fees of the doctor they have assigned to the case.

G16 Accompaniment of repatriated beneficiary

As part of repatriation in the event of serious bodily injury or death of the beneficiary, we will organise and take charge of the return home for the beneficiary's family members, who are also beneficiaries, or a person without a family relationship, also a beneficiary, who was accompanying this person.

We will pay for a one-way airplane ticket, in economy class, or by train, in first class, provided that the means that had been initially planned for their return travel cannot be used or modified.

G17 Replacement driver

In the event of serious bodily injury and if your state of health prevents you from driving your car back to your home in geographical Europe and none of the passengers accompanying you can replace you in the driver's seat, we will provide you with a driver to drive it to your home in geographical Europe via the fastest possible route or we will provide and pay for a single economy class aeroplane ticket or 1st class train ticket so that a person designated by yourself or by one of your beneficiaries can go and collect your vehicle.

The Beneficiary acknowledges that it has been informed that the Insurer processes its personal data in accordance with the regulations on the protection of personal data in force and that, moreover:

- the answers to the questions asked are mandatory and that in the event of false declarations or omissions, the consequences for it may be the invalidity of adhesion to the policy (Article L.113-8 of the French Insurance Code) or the reduction of compensation (Article L.113-9 of the French Insurance Code),

Data and documents concerning the Beneficiary are retained for a period of five (5) years from the termination of the policy or the termination of the relationship.

- His/her personal data may also be used in the context of processing to combat insurance fraud, which may lead, where applicable, to inclusion on a list of persons presenting a risk of fraud.

In the event of a fraud alert, the data is retained for a maximum of six (6) months to support the alert and then is deleted, unless the alert proves to be relevant. In the event of a relevant alert, the data is retained for up to five (5) years from the closure of the fraud file, or until the end of the legal proceedings and the applicable limitation periods.

For persons registered on a list of suspected fraudsters, the data concerning them is deleted after the period of five years from the date of registration on this list.

- Personal data may also be used by the Insurer in connection with the processing it carries out, the purpose of which is research and development to improve the quality or relevance of its future insurance and/or assistance products and service offers.
- His/her personal data may be accessible to some of the Insurer's employees or service providers established in countries outside the European Union.
- The Beneficiary has a right of access, rectification, deletion and opposition to the data processed, providing proof of his/her identity. He/she also has the right to request to limit the use of his/her data when it is no longer necessary, or to retrieve in a structured format the data he/she has provided when the latter is necessary for the policy or when he/she has consented to the use of such data.

He/she has the right to define instructions regarding the fate of his/her personal data after his/her death. These general or specific directives concern the storage, erasure and communication of his/her data after his/her death.

These rights may be exercised with the Data Protection Officer of the Insurer:

FFCAM PROTECTION PLUS OPTION

FFCAM licenced members, would you like greater coverage and to be covered in all situations for your non-occupational activities?

FFCAM offers you an additional, specially-adapted contract:

you are covered Worldwide for your covered amateur sports activities, whether or not they are practised as part of your membership, and also in the event of a traffic accident or an accident occurring in everyday life.

Better than the benefit for coverage of accidents occurring during everyday life, the payout is a lump sum:

in the event of a covered accident, the compensation is paid out quickly, without waiting for results from any legal proceedings, regardless of the liabilities at stake, and regardless of any indemnities that may be owed under other regards (general or supplemental insurance plan, another insurance contract, other Personal Accident benefits, etc.).

FFCAM PROTECTION PLUS OPTION

the guarantee of a promise kept

2 levels of benefits are available to you:

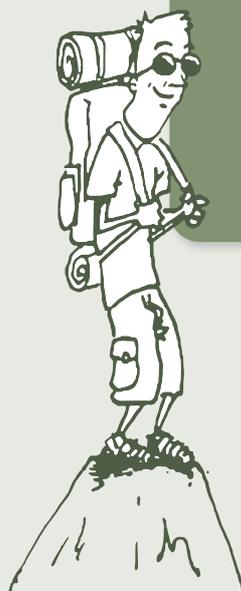

Level 1: rate 323 €

Death benefit 50,000 € - Disability 150,000 €

Level 2: rate 646 €

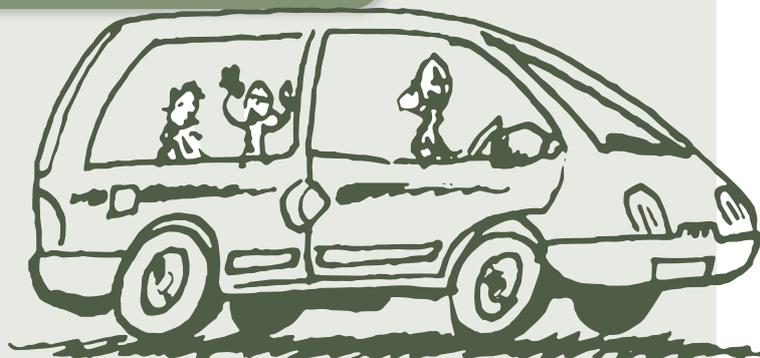

Death benefit 50,000 € - Disability 150,000 €

5% absolute excess: any covered accident under the present contract resulting in Permanent Total Partial Disability will result in a reduction in the indemnity set at 5%.

Ludovic B., FFCAM licenced member, purchased PROTECTION PLUS Level 2 cover.

During a mountain race, he falls and dies as a result of his injuries. His children will receive 100,000 € compensation in addition to the other indemnities owed under the FFCAM insurance, regardless of the damage, liability, or indemnities received from elsewhere.

Clotilde F, FFCAM licenced member, purchased PROTECTION PLUS Level 1 cover.

She is involved in an accident, and after recovery, she has a 60% Permanent Disability. Because this is a traffic accident, the traditional membership benefits are not activated, however, she will receive 85,500 € compensation (after deduction of the 5% excess) under the PROTECTION PLUS supplemental cover, regardless of the liability at issue and regardless of any indemnities received from elsewhere.
